# Involvement of Our Customers

## Student taste testing

TNG's procurement process includes the opinion of your students. It's important to us that the students have a say in what they eat every day.

We team up with our vendors and brokers to offer samples to students to find out their favorites. They help determine what new items they like best and what they might want to see on the menu next year, and we gain a sense of what offerings might attract participants.

This year we had 16 different districts host this event. Results will be compiled, and we will soon reveal which foods made the grade for next year's menu!

# Professional Development

## Ongoing training for our management team

TNG continues to focus on training for our team. We believe the better trained our management team is the better they are able to serve our customers.

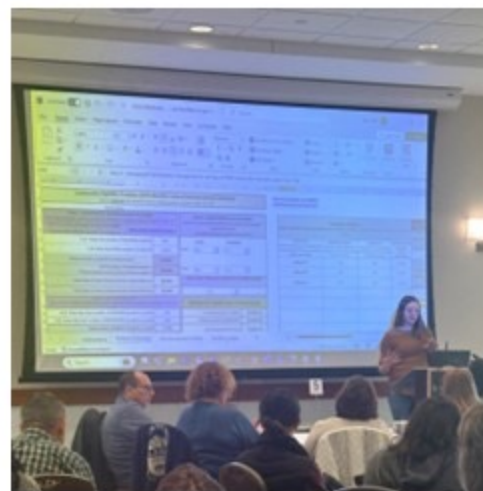

Training is a vital component of success, so we provide our employees unique opportunities to develop their skills and knowledge through detailed curriculum, group meeting instruction, and web-based training modules.

In addition to our yearly Summer Seminar, we hold 2-3 in-person group meetings for our Regional Managers.

Our latest Regional Manager meeting and training was held in January at State College, PA.

Training sessions included:

- Diversity, Equity and Inclusion
- Food Cost
- Creating a Budget
- Cost Controls and Revenue

# February is American Heart Month

## School Lunch and Breakfast promote heart health every day

The American Heart Association devotes February to encourage an active lifestyle, maintaining a healthy weight, and making dietary choices that have a positive impact on heart health.

Foods that are part of a balanced eating plan to support cardiovascular health are available daily at school lunch and breakfast:

- *Fruits*
- *Vegetables*
- *Whole grains*
- *Legumes and nuts*
- *Low-fat dairy*
- *Lean meats*

## Tasty Bites

Seasonal and trendy treats for all!

All the best places to eat have seasonal specials that patrons eagerly anticipate, and so do our schools with TNG's Tasty Bite program. Students at every grade level look forward to enjoying seasonal favorites and trendy new treats.

### ELEMENTARY

Students who receive a lunch will get a tasty treat with their lunch, such as Carmel drizzled apple slices. These fun favorites meet a component of lunch while hitting the sweet note kids crave. This program proves that healthy food can be delicious.

### SECONDARY

Selections meet the sophisticated flavors and textures that attract and intrigue young adults with taste buds ready to try new things.
